

DMSB

General Regulations for Series run on Circuits / Automobile Sport

Name of the Series:

RENAULT Clio Cup Central Europe

DMSB Visa Number:

809/18

Status of the Series/Events

- International
- National A incl. NSAFP (National Series with FIA-Approved Foreign Participation)
- National A incl. NEAFP
- National A

Preface:

The RENAULT Clio Cup Central Europe (RCCCE) will be hosted according to globally uniform technical rules and the given sporting conditions of the respective country and its motor sport authorities.

RENAULT brand cups have been successful for over 30 years thanks to our many years of experience, our strict application of the rules and their supplements, and cooperation and continual involvement with well-known partners and sponsors. The worldwide exchange of information among the countries active in Renault sports activities will ensure the continued success of our series.

While operating vehicles of equal quality, talented young drivers learn to make their mark-in terms of sportsmanship and driving skills, giving consideration to weaker drivers and measuring their own sports skills against stronger competitors. Strict compliance with sporting and technical rules ensures fair conditions for all participants.

At the end of the year, a champion in the RENAULT Clio Cup Central Europe will be selected according to the official point tally.

The present Regulations consist of 29 pages and 4 attachments.

Part 1: Sporting Regulations

1. Introduction

The series RENAULT Clio Cup Central Europe is organised in conformity with the provisions of the International Sporting Code and its appendices (the Code), the FIA General Prescriptions on circuits and the National Sporting Regulations of the (ASN). It will run in conformity with the Series' sporting and technical regulations, the latter being in conformity with the safety prescriptions of FIA Appendix J (Article 253).

The events will be organised in compliance with the DMSB General Event and Circuit Regulations unless stated otherwise in following or in the Supplementary Event Regulations of the corresponding event.

The series is supported by the following companies:

- Elf, petrol and lubricants
- Michelin, tyres
- PFC, brakes
- Racecom, radio
- Sabelt, outfitter

2. Organisation

2.1 Details on titles and awards of the Series

The ISM International Sport Management GmbH, hereinafter (ISM) referred to as series organiser, organises the RENAULT Clio Cup Central Europe for the year 2018.

2.2 Name of the parent ASN

DMSB – Deutscher Motor Sport Bund e.V.

2.3 ASN Visa/Registration Number

The series based on these Sporting and Technical Regulations has been approved by the Deutscher Motor Sport Bund on 14.02.2018 with visa number 809/18.

2.4 Name of the Organiser/Promoter, address and contacts (Permanent office)

Renault Deutschland AG
Motorsport
Renault Nissan Straße 6-10
D-50321 Brühl

2.5 Composition of the organising committee

Ralph Weishaupt
Vera Herrmann

2.6 List of Officials (Permanent Stewards) (see also relevant Supplementary Event Regulations)

Ralph Weishaupt (Technology Manager) SPA1076911
Garbsch, Janko (Race Director) SPA1079250

3. Regulations and Legal Basis of the Series

This series is governed by the following regulations:

- FIA International Sporting Code (ISC) and its appendices
- DMSB Event Regulations
- DMSB Circuit Regulations
- DMSB Licence Regulations
- DMSB Legal System and Code of Procedure (RuVO)
FIA Legal System and Code of Procedure
- DMSB Decisions and Provisions
- DMSB Environmental Guidelines
- Anti-Doping Regulations of the national and international Anti-Doping Agency (WADA/NADA Code) as well as the Anti-Doping Regulations of the FIA
- Sporting and Technical Regulations of this Series and the DMSB approved modifications and supplements (Bulletins)
- Supplementary Event Regulations including modifications and supplements
- FIA Code of Ethics and Code of Behaviour and DMSB Code of Ethics
- Other FIA and DMSB regulations

3.1 Official language

German

Only the German text of the Regulation, approved by the DMSB, is binding.

3.2 Responsibility, modification of the regulations, cancellation of the event

- (1) The participants (=entrants, drivers, passengers, vehicle proprietors and registered keepers) take part in the event at their own risks. They carry the exclusive responsibility under civil and criminal law for all the damages caused by them or the car used by them as far as no exclusion of liability has been concluded.
- (2) Modifications to these regulations may in principle be carried out only by the relevant authorities. After the beginning of the event, modifications should be carried out only by the Stewards of the event by means of bulletins, but only in case of necessity for safety reasons and/or reasons of force majeure, or by order of the authorities, or concerning the details given in the regulations about the length of the track, the duration of the races, the number of laps and the officials and marshals, or in case of an obvious mistake in the regulations.
- (3) The organiser reserves the right to cancel or postpone the entire event or a particular race for the aforementioned reasons, subject to the agreement of the respective ASN and of the FIA, and as far as the calendar is concerned, claim for damages or compensation or claim to performance are in this case excluded.

4. Entries

4.1 Registrations/entries, entry closing date and obligation to participate

The entrant and/or driver must submit his application to be admitted to the RENAULT Clio Cup Central Europe until 01/04/2018 by using the form provided by the series organiser “Application for registration”.

The series organiser reserves the right to accept late application.

The completely filled in and signed application must be sent to the following address:

Different address:

Renault Deutschland AG
Motorsport
Renault Nissan Straße 6-10
D-50321 Brühl
vera.herrmann-renexter@renault.de

With the submission of the “Application for registration”, entrant and driver charge and authorise the series organiser to submit entry forms on his behalf for those events which form part of the series RENAULT Clio Cup Central Europe (block entry).

With the registration, entrant and/or driver undertake to participate in all the qualifying events.

The participant registers with his car.

Participants, who have not transferred the registration fee to ISM 14 days prior to the first race deadline, will not be admitted to the race.

Each registered participant is obliged to comply with the provisions of the regulations and the special regulations of the organizer. Entrants must fill in the registration form – one each – by typewriter or in block letters, being accurate and thoroughly.

The organiser reserves the right to cancel the entire series RENAULT Clio Cup Central Europe if less than 15 participants registered for the series.

4.2 Entry fees for the season and per event

The registration/entry fees is payable as specified on the “Application for registration”. The following registration/entry fees are payable by the participants:

Each participant must transfer the entry fee (registration fee) of **€7.500,00** plus tax to the following account with **“RCCCE 2018”** as reference.

The registration is valid with the deposit:

ISM International Sport Management GmbH

Bank: Sparkasse Frankfurt
BLZ: 500 502 01
Konto Nr: 124 665 3603
IBAN: DE 24 500 502 01 124 665 3603
BIC: HELADEF 1822

The rights of withdrawal from the entry contract (entry-fee-refund) is regulated in the DMSB Event Regulations, article 13.

All the accepted participants will receive a written confirmation of their registration.

The RCCCE organization reserves the right to refuse the registration with having to give reasons.

4.3 Competition-numbers

The participants will get permanent competition-numbers from the series organiser for the whole season

5. Licences

5.1 Required grade of licence

a) Drivers

International Series:

- Drivers holding an International entrant's and driver's licence of 2017 issued by the DMSB or by another ASN affiliated to the FIA Grade
- A, B, C, D, C/D-historic,
and valid for the year 2018 who are registered for the RENAULT Clio Cup Central Europe and have paid the registration fees are eligible.

b) Entrants

Entrants wishing to register with the driver must be in possession of an international commercial or club licence issued by the DMSB or by another AS affiliated to the FIA and valid for the year 2017 and have paid the registration fees.

c) DMSB-Sponsor-Card

Sponsors who wish to be named in addition to the driver's name in the official program, as well as the list of nominations, starters and results, without assuming the role of an entrant can do so by purchasing a "DMSB sponsor card for companies, clubs, teams "(Only for DMSB-sanctioned events with the exception of FIA-sanctioned events).

Series organizer of international series needs to check restrictions on the validity of the DMSB sponsor card for abroad events.

d) Guest drivers

- The RENAULT Clio Cup Central Europe may admit guest drivers with a valid
- International entrant's and driver's licence in accordance with Article 5.1
 - National Licence Grade A
 - National Junior-Licence

for its qualifying events. They may take part with the conditions of this Series Regulations and the relevant Supplementary Event Regulations.

Specific conditions / regulations for guest drivers

It is possible to participate to a single race as a guest driver. The entry fee for each single event is 1.400 € plus tax. Guest drivers are entitled to points.

During the season final (the last event of the season) guest drivers will no longer be admitted. This means that only those drivers, who are registered to the Clio Cup or have already competed in a race as guest driver during the season, may take part to the season final.

e) Age regulations

In accordance with the valid DMSB Licence Regulations.

5.2 Conditions for entrants outside their national territory

For events with the status International DMSB licence holders and licence holders by another ASN affiliated to the FIA have the right for participation and are entitled to score points for the series.

For every event foreign competitors/drivers have to present the approval of their own ASN according Art. 3.9.4 of the ISC.

6. Insurance; Liability exclusion and disclaimer

6.1 Organiser's/promoter's insurance

In accordance with DMSB Event Regulations

6.2 Declaration by the competitor, driver and passenger (= participant) on the exclusion of liability, Disclaimer of the vehicle owner

In accordance with DMSB Event Regulations

7. Events

7.1 Calendar of events

13-15 April	Oschersleben (GT Masters)
08-10 June	Red Bull Ring (GT Masters)
03-05 August	Nürburgring (GT Masters)
17-19 August	Zandvoort (GT Masters)
31.08. – 2 September	Most (Czech Truck Prix)
14-16 September	Hockenheim (NASCAR-American Fan Fest)
02-04 November	Le Castellet (Clio Super Finale)

7.2 Maximum number of cars authorised

The maximum number of cars is defined in the circuit licence and listed in the Supplementary Event Regulations of the event.

7.3 Running of the events

a) Practice

One or several free practice session/s of 30 minutes are scheduled for each event. For this/these free practice/s, an additional entry fee will be charged. The amount of the entryfee will be announced by Info-Note prior to the event by Event Info and must be paid for the latest at the administrative sign on at the series organiser.

b) Qualification

One qualifying session of 30 minutes is scheduled for each event. The official result from the qualifying determine the starting position for the first race, based on the fastest lap time.

The starting position for the second race, is based on the fastest lap time of the qualifying. The first six participants will start in reversed order.

The minimum qualification to be admitted to the start results from the fastest lap time/s in the official timed practice (practice result position Nr.1) plus 30 %.

At the end of the qualification, all vehicles which participated in the qualification are subject to the parc fermé rules.

Should circumstances force the cancellation of the qualification session, then the times set in the free practice session will be used to determine the starting grid.

Should circumstances force the cancellation of both the free practice sessions and the qualification session, then the current championship positions at the beginning of the event will be used to determine the starting grid for the race.

If one or more than one driver has not set a lap time (for reasons other than cancellation of the qualifying session), these drivers will be placed at the end of the starting grid in the following order:

- 1.) the drivers who have started a timed lap;
- 2.) the drivers who have not started a timed lap from the pit lane.

Drivers whose entire lap times were cancelled by decision of the Race Director or the Stewards must in all cases start the race behind the aforementioned drivers at the end of the starting grid. Should more than one driver have his/her entire times removed, their starting positions at the back of the grid will be determined by their best time in free practice.

On display of the 3-minute signal, all competition vehicles must be standing on their wheels on the track and must not be lifted again.

c) Starting modes

The races will be started as follows:

- Rolling start (Indianapolis start)
- Standing start with staggered formation (GP start)

d) Races

Two races of 30 minutes are scheduled for each event.

The finish line applies both to the track and to the pit lane.

It is not allowed to attend a start with a Clio R.S. Cup – vehicle in other race-series and other parts of the event during a race event.

If a race is cancelled on account of force majeure or for safety reasons, the Series Organizer reserves the right to reduce the number of races or to designate a replacement event. The Series Organizer is under no obligation to reschedule a race in its original format within an Event.

8. Classification

8.1 Scale of points

The car placed first will be the one having covered the scheduled distance with his car in the shortest time, including all eventual penalties.

In order to be classified a driver who has taken the start must have completed at least 75 % of the winner's race distance.

The following points will be awarded if a race is shortened or stopped and not resumed:

At least 75% of the scheduled distance = full points
At least 50% of the scheduled distance = half of the points
Less than 50% of the scheduled distance = no points

The following points will be awarded for the races:

1 st place:	30 points	11 th place:	10 points
2 nd place:	24 points	12 th place:	9 points
3 rd place:	20 points	13 th place:	8 points
4 th place:	17 points	14 th place:	7 points
5 th place:	16 points	15 th place:	6 points
6 th place:	15 points	16 th place:	5 points
7 th place:	14 points	17 th place:	4 points
8 th place:	13 points	18 th place:	3 points
9 th place:	12 points	19 th place:	2 points
10 th place:	11 points	20 th place:	1 points

At the final race weekend in Paul Ricard, France, all points to be awarded will be multiplied by two.

Additional points will be rewarded for:

- fastest Qualifying time: +2 points
- fastest race lap: +1 point

All the results achieved in the qualifying races will be taken into consideration for the classification established at the end of the year.

The official result of the organizer is the basis for the ranking. **All** the competed races will be used to determine the overall ranking.

There are four annual rankings in the RCCCE:

-Overall Classification

-Rookie Classification

The official result of the organizer is the basis for the Rookie classification.

To be classified as a Rookie the participants has to be born after the 01.04.1998 and didn't participate at more than three events in a Clio R.S. IV Cup vehicle in the previous year.

-Gentleman Classification

The official result of the organizer is the basis for the Gentleman classification.

Participants born before the 01.04.1978 are eligible to score points.

-Team Classification

The official result of the organizer is the basis for the Team classification.

For the Team Classification the two best participants per team are taken of each race.

8.2 Equality of points

By equality of points in the final evaluation between several participants the number of 1st, then 2nd and further results is crucial (in accordance with DMSB Event Regulations).

9. Private practice and testing

N/A

10. Administrative checks

The following documents must be presented by the driver/entrant:

- Entry confirmation
- Entrant's/sponsor's licence (if present)
- Driver's licence
- ASN confirmation, if applicable
- Medical aptitude form

10.1 Timetable administrative checks

See relevant Supplementary Event Regulations or official notice board.

10.2 Drivers meeting/briefing

The location of drivers meeting/briefing will be published in the Supplementary Event Regulations of the event

An established non-participation or incomplete participation (according to the list of signatures) attracts a fine of 150,00 Euro (without any particular penalty-procedure)

11. Scrutineering/Technical checks

The participants or their representatives must present their race car and the compulsory driver's safety equipment at scrutineering. The car must be presented in the configuration as it will be used in the competition (incl. competition-numbers) and it must comply with the applicable technical regulations.

The following car documents must be submitted:

- Technical passport or registration document/*motor vehicle registration certificate Part I*
- Technical passport
- Registration document *or motor vehicle registration certificate Part I*
- Copy of the vehicle title *or motor vehicle registration certificate Part II*
- Homologation form RCC 1112-10 for catalytic converter
- Copy with extract of G vehicle list
- Certificate for rollover structure issued by FFSA with approval number 433

11.1 Repair, sealing and marking of vehicle parts

All required seals must be present.

11.2 Scrutineering before the start and final scrutineering: Place and timetable

Each participant can perform in the technical control only one vehicle.

Participants may not change cars during the event. Even if all competitors should agree to it, this will not authorize the driver to change the vehicle, respectively employ a different vehicle.

Participants' vehicles may be subject to technical inspections performed by the scrutineer(s) at any time during an event that is part of the RCCCE.

Every driver or entrant expressly agrees that these inspections can be performed at a location determined by the ISM. Transportation costs will not be reimbursed.

Vehicles are selected by the scrutineer(s) at the proposal of the responsible scrutineer or the ISM representative. The results of a thorough parts inspection performed by the scrutineer(s) are given to the stewards of the meeting.

The entrant or a representative of the entrant is entitled to label the removed parts. Rejected parts should be clearly labeled so as to avoid confusion and may be retained by ISM. Parts that comply with the rules are returned to the owner as quickly as possible.

There can be no objection to the place of origin of removed parts.

The participant or their representatives have the right to be present when their parts are being checked.

Reassembly is the responsibility of the participant. There is no compensation for checking the engine on the power testing station.

For the sake of fairness, ISM employees from the "MotorSport" department are not to perform any work on a participant's vehicle, with the exception of taking measurements for the purpose of verifying that the vehicle conforms to the rules.

12. Race

The final starting grid for the races will be published for the latest 60 minutes before the start of the formation lap. Qualified participants, who are not able to participate, have to sign off in written form at the race director until that time.

In any case, participants whose lap times has been canceled by the race director or the stewards, will be placed behind the participants with scored lap time. Any changes of the starting position place take place after the determination of the starting grid according to the above explanations by the race director or the stewards.

No later than ten minutes before the start of the formation lap the pit lane / the pregrid will be open and the vehicles will be leaded to the grid. Participants drive at walking pace into the grid and take their starting position. Then the engine needs to be turned off.

It is not permitted to enter the pit lane after overpass/transfer. Participants who enter the pitlane during the transfer may only leave it after the beginning of the formation lap. The participant has the opportunity to exit the pitlane – within 10 seconds - after the entire field has passed the pit exit and may complete the formation lap at the end of the field. The original starting position may not be used. Violation of the above rules will be punished at least with a drive-through penalty.

Vehicles which do not leave the pit lane within 10 seconds have the opportunity to start the race from the pitlane after the whole field has passed the pit exit after the race start.

12.1 Use of wet-weather tyres

The race director decides on the admission of wet-weather tyres. The decision must be announced to the participants promptly.

After the "WET RACE / WET PRACTICE / WET" board is displayed or it is shown in the timing monitor of the timekeeping, the participants are free to choose the type of tyres, according to this article. The participant must assume that the race director will not interrupt the practice or race.

The decision to change tyres can apply only for the complete set of tyres; a mixture of wet and slick tyres is not permitted.

Wet tyres are not limited and don't have to be stamped by the scrutineers of the RCCCE.

The tyre service has one set of wet tyres per weekend available for each participant. If more are needed, the participant must order and transport the wet tyres in advance.

12.2 Maximum number of persons working on a car and safety equipment

N/A

12.3 Pit stop safety and competitor's responsibility when starting from the pit area

The allocation of the pit lane determined by the series organization for every event must be complied with.

Before and during all training sessions and the qualifying session, the participants have to drive with their vehicles to the pits and park their vehicle backwards at an angle of approx. 45 degrees to the direction of the track (the front of the vehicle must point towards the race track). If the 45 degree angle is not maintained, and the vehicle is, for example placed in front of a box, a safety risk can arise. This behavior can be punished with a fine.

Throughout the event the speed limit in the pit lane between the two marks (entrance / exit of the pitlane) is 60 km/h. Any changes of the speed limit in the pit lane for security reasons is in responsibility of the race director.

Exceeding of the speed limit in the pit lane will be penalized by the race director as follows:

during free practice, qualifying:

- Exceeding up to 10 km/h: Fined in the amount of 10€ per km/h, however a minimum of 50€.

during the races:

- Drive-through penalty

The pitlane is divided into two lanes.

The „fast lane“ is to be kept unobstructed to allow safe passage of cars at all times. The focus shall be on all drivers to take due care and drive within the Pit Lane speed limit. All equipment must be kept in a safe position in the „working lane“. Entrants, team members and drivers are responsible for the conduct and safety of their guests in the Pit Lane area. Any team members found in the Pit Lane without the correct pass will be excluded from the Pit Lane and the entrant will be reported to the Stewards.

Entrants, team members and drivers must ensure that their guests respect the Pit Lane regulations and be vigilant at all times

13. Title, prize money and trophies

13.1 Title overall winner

The title

Champion of the RENAULT Clio Cup Central Europe 2018

will be awarded to the driver who has scored the highest number of points after all the qualifying events of the RENAULT Clio Cup Central Europe.

13.2 Prize money and trophies

N/A

14. Protests and appeals

The FIA International Sporting Code is applicable for protests and appeals, DMSB Event Regulations and the DMSB Legal System and Code of Procedure as well the FIA Legal System and Code of Procedure for FIA appeals.

Protest deposit - payable to the relevant ASN:

International / National status: will be published in the Supplementary Regulations of the relevant event

Appeal deposit – payable to the DMSB:

International status EUR 1,500.00

Appeal to the FIA – payable to the FIA: EUR 6,000.00

An additional fee of 3.000,00 € charged by the DMSB shall become due for an international appeal (FIA).

(Protest and appeal deposits are exempt from VAT)

15. Exclusion of jurisdiction of a court and limitation of liability

(1) The jurisdiction of a court is excluded for decisions of the FIA, the DMSB, their jurisdictions, the stewards, the series organiser or the organiser as judge in terms of § 661 German Civil Code.

(2) No claim for compensation of whatever kind may be derived from actions and decisions of the DMSB or its jurisdiction as well as of DMSB representatives or the series organiser, except in the case of a damage caused on purpose or by gross negligence.

16. TV rights/ Advertising and television rights

All the copyright and picture rights lie with ISM, including the pictures which are adopted by television broadcasts on the RENAULT Clio Cup Central Europe.

All television rights of the RENAULT Clio Cup Central Europe, including terrestrial broadcast as well as cable and satellite television broadcast, all video rights and all rights on the use of the complete electronic media, including internet, lie with ISM.

Any kind of recording, broadcast, repetition or reproduction for commercial purpose without written agreement of the ISM is prohibited.

17. Specific regulations

There are no additional Specific Series Regulations.

18. Punishments

Penalties of the race control during free practices, qualifying and races are displayed to the participants at the indicated point, written in the supplementary regulations of each event and are therefore considered promulgated. Each decision or notice concerning a particular entrant will be communicated within 30 minutes after the decision in written form. This written notice has only an additional informational purpose. The entrant must confirm the receipt in written form. The time of the written notice does not affect the defined time, written in this article, of the delivery and / or the defined time of the beginning of a penalty.

In less severe cases the race director may refrain from imposing a penalty if the acquired, unfairly advantage is returned. The return of the benefit may be complete by letting pass the outdated wrong vehicle. If the concerned participant doesn't take the opportunity to return the irregular benefit, one of the defined classification penalties will be imposed.

Participants, who are warned five (5) times within the same season, is set back by five (5) positions of the grid in the next race, after the imposition of the fifth. If the fifth warning will be issued due to an incident during a session, this displacement is applied on the grid at the next championship round, at which the participant participates.

Participants, who are warned eighth (8) times within the same season, is set back by ten (10) positions of the grid at the next race. If the eighth warning will be issued due to an incident during a session, this displacement is applied on the grid at the next championship round, at which the participant participates. After setting back by ten (10) starting positions all warnings are cleared according to this article.

Part 2 Technical Regulations

1. Technical Series Regulations

1.1 Summary of the eligible groups/ classes

Eligible to participate in the RENAULT Clio Cup Central Europe are only vehicles Clio R.S. III Cup und Clio R.S. IV Cup which fully comply with the technical prescriptions in these Regulations.

Eligible cars and division into classes

a) Clio R.S. III Cup

Model 2006 – 2013 with KIT Phase II bodywork as of 2013

b) Clio R.S. IV Cup

The Clio R.S. IV Cup must comply with all aspects of the Technical Regulations for this model.

All cars must be equipped with original safety equipment as detailed in the RCCCE Technical Regulations/Nomenclature. Any sort of manipulation or removal of the safety equipment is strictly forbidden.

All vehicles participating at the RCCCE must be presented in an outer pristine condition. Any damages caused through accident must be repaired before the next race. The organization reserves itself the right to refuse vehicles, which do not meet the above mentioned demands. Each participant can only register one car for each race.

1.2 Principles of the Technical Regulations in conformity with

- Art. 277 of the Appendix J (FIA ISC)
- Technical regulations for DMSB group/s:
- General regulations, definitions and clarifications with regard to technical regulation (DMSB Yearbook, blue part), see also article 1.11 concerning safety equipment in events abroad
- These Technical Regulations

1.3 General/Preamble

Anything which is not specifically allowed by the present regulations is prohibited. Permitted modifications must not result in any illegal modifications or infringements of the regulations.

1.4 Driver's equipment

The wearing of overalls homologated to the FIA 8856-2000 standard as well as underwear (with long sleeves and legs), balaclava, socks, shoes and gloves in compliance with the FIA prescriptions is compulsory.

Furthermore, the wearing of a helmet in compliance with the FIA regulations (Appendix L of the ISC) is compulsory.

Furthermore, the use of the head restraint (e.g. HANS) is compulsory.

1.5 General, Permitted modifications and installations

The only work which may be carried out on the cars is that necessary for its normal servicing, or for the replacements of parts worn through use or accident.

The limits of the modifications and installations allowed are specified hereinafter. Any part worn through use or accident may only be replaced by an original part identical to the damaged one.

With the exception of screws for the engine, axle, suspension and steering, the attachment standard parts such as nuts, bolts, washers, lock washers, spring washer, splint pins may be replaced comparable standard parts complying with the original shape. With regard to screw threads, thread type, size and pitch (e.g. M8 x 1.25) must be retained.

The technical rules and requirements for all parts that make up Renault Clio Cup are summarized in the nomenclature. The vehicle parts are grouped into the following three categories according to the degree of permissible modification:

- Category A: No modifications are permitted to these original parts. The parts must remain in their original position and function as originally intended.
- Category B: Only the modifications permitted in the nomenclature or the technical rules (including bulletins) are allowed to these parts.
- Category C: These parts are approved under the express condition that the original function is not circumvented, no function is added and that the part is installed in the same position as the original part.

So-called handicapped drivers can receive a starting permit for the Clio Cup Central Europe after an individual examination. For events in Germany, a DMSB car pass is required for the corresponding vehicles.

Any modification to the original parts is prohibited if not expressly permitted in the nomenclature.

All dimensions of new parts must be checked before installation.

1.6 Minimum weights and ballast

(Weight, determination, reference scales if applicable, attachment of ballast)

Weight

The minimum race weight must be maintained during the whole event. The official scale is that used by the RCCCE Organization: (Captels VPN MVN/797). Any modification will be published on a bulletin.

Vehicle weight

The minimum weight is 1060 kg for the Clio R.S. III Cup.

The minimum weight is 1080 kg for the Clio R.S. IV Cup.

This weight refers to the condition of the vehicle in which it participates on Testing and Set-ups, Qualifying and races. This includes the remaining fuel. Any modification of the vehicle including the addition of material is prohibited.

Race weight

The minimum race weight including the driver and his/her equipment (race overall, balaclava, gloves, helmet with HANS) must not be lower than

- 1140 kg for the Clio R.S. III Cup
- 1170 kg for the Clio R.S. IV Cup

It refers to the weight of the vehicle including remaining fuel as after trainings and races.

Ballast

Should the vehicle achieve the minimum weight only with ballast, it must be declared to and sealed by the scrutineers of the RCCE Organization as well as under the condition that it has to be attached to the intended place and that it only can be removed using a tool.

Only weight plates supplied by Renault Sport with the following part numbers may be used:

1 Kg: 77 11 160 299

2 Kg: 77 11 160 300

5 Kg: 77 11 160 301

DMSB Note:

The DMSB guidelines for vehicle weighing (including calibration or calibration of balances) needs to be respected by the series organizer. According to the guidelines, mobile scales must be inspected, at least annually, by the weighing machine manufacturer. In exceptional cases, a calibration / verification by a state calibration authority is permitted. The scale must be calibrated at least every 2 years by the manufacturer.

1.7 Equivalence formula for supercharged engines

N/A

1.8 Exhaust prescriptions

The current DMSB exhaust prescriptions (see DMSB Manual, blue part) must be respected.

The cars must be equipped with a single catalytic converter with the following specifications:

HJS catalytic converter according to DMSB homologation RCC 1112-10

The catalytic converter must always be functional. No protest against the conversion rate is allowed.

1.9 Noise regulations

The maximum permitted noise limits are 132 dB(A) measured in compliance with the LWA procedure and 100 dB(A) in compliance with the LP procedure.

This noise level will be determined in compliance with the DMSB pass-by measuring method (mandatory for all circuit events)

The current DMSB noise regulations (see DMSB Yearbook, blue part) must be respected.

1.10 Advertising on the driver's equipment/on the race car and start numbers

The current FIA/DMSB prescriptions for advertising on the driver's equipment/on the race car and start numbers must be respected (see DMSB Yearbook, blue part).

ATTENTION: Any variations of the FIA/DMSB Regulations are subject to a special waiver issued by the DMSB.

Under consideration of the FIA/DMSB prescriptions for start number and advertising on the race car and for the driver's equipment the following specific advertising regulations.

Renault Sport reserves the right to use results, names and pictures of all participants for advertising purposes without any compensation.

Advertising on cars is allowed in so far as it does not display competing products in contrast with the official RCCCE Sponsors. The official Sponsors of the RCCCE are:

- Elf, petrol and lubricants
- Michelin, tyres
- PFC, brakes
- Racecom, radio
- Sabelt, outfitter

Advertising stickers supplied by the RCCCE Organization, start numbers and signatures are compulsory and must be displayed according to the official identification layout.

All vehicles with wrong or missing stickers/logos will be rejected during the technical scrutineering.

The ISM is entitled to remove, without notice and at any time, advertising/logos displayed on vehicles, drivers equipment and paddock assigned to Renault, if judged as inconvenient (ex.: immoral, unethical, etc.). It is important to ISM that the vehicles do not damage the image of automobile sports, and ISM reserves the right to deny technical acceptance of vehicles that do not comply.

1. Mandatory advertising on competing vehicles is defined in detail in the series sticker instructions and must be followed at all times during the event.
2. Mandatory advertising on drivers' overalls is defined in detail in the series patch instructions and must be followed at all times during the event.
3. The award ceremony will take place immediately after the checkered flag. During the ceremony all drivers must wear the overall and the given official cap.

Sticker instructions and attachment stipulations are part of these rules. Infringement can result in exclusion of the participant from the event.

All surfaces that – according to the sticker instructions – are not covered by the companies mentioned above or used for attaching the start numbers are free for other use.

The distance between the start numbers and the mandatory advertising must be at least 10cm.

By submitting the registration, the entrants and participants acknowledge that both ISM and the series sponsors reserve all rights to use of any sporting achievements for advertising purposes, both in writing and in images, without having to pay additional fees.

1.11 Safety equipment

The vehicles must comply with the following safety equipment.

The article numbers refer to the current Appendix J ISC, unless stated otherwise.

- Lines and pumps in compliance with Art. 253.3.1 and 253.3.2
- Oil catch tank in compliance with Art. 259.7.4
- Fuel cell ventilation in compliance with Art. 253.3.4
- Double circuit braking system in compliance with Art. 253.4
- Additional safety fastener in compliance with Art. 253.5
- Safety belts in compliance with Art. 253.6
- Manual extinguisher in compliance with Art. 253.7.3
- Fire extinguishing system in compliance with Art. 253.7.2 and accordingly Art. 275.14.1
- Safety cage in compliance with Art. 253.8
- Safety cage in compliance with Art. 253.8 (Appendix J 1993)
- Safety cage in compliance with Art. 277
- Rear view mirror in compliance with 253.9
- Towing-eye/device in compliance with Art. 253.10
- Safety foil on the windows in compliance with the DMSB prescriptions
- Windshield made of laminated glass
- Door nets in compliance with Art. 253.11 or with the DMSB prescriptions
- Additional safety fixing devices for windshield in compliance with Art. 253.12
- General circuit breaker in compliance with Art. 253.13
- Safety fuel tank in compliance with FIA standard FT3/FT3-1999 and accordingly FT5 in compliance with Art. 253.14
- FIA homologated non-return valve in the filler neck in compliance with Art. 253.14.5
- Protective screen in compliance with Art. 253.15
- Seats and attachments in compliance with Art. 253.16
- FIA homologated driver seat in compliance with Art. 253.16
- Headrest in compliance with Art. 259.14.4
- Rear light in compliance with Art. 275.14.5
- Reverse gear in compliance with Art. 275.9.3
- Prohibition of pressure control valves in compliance with Art. 253.17
- Article 277*
- In compliance with the Appendix K to the ISC*
- Article 253
- The vehicle must meet all of the requirements defined in the Technical Rules for its specific type (nomenclature).

Note:

For events abroad, the series organizer is responsible for observing and implementing deviating or additional safety regulations of the respective ASN.

Driver safety belt (expiration date)

Original safety belts (see Nomenclature) must be used at any time. Safety belts must be replaced after an accident or when the expiry date is no longer readable.

Battery switch

The original installed battery switch is compulsory. It must be clearly marked on the vehicle body through a red bolt in a white hemmed blue triangle with minimum 12 cm length for each side.

Fire extinguisher

The original installed fire extinguisher is compulsory. Drivers are responsible for the maintenance of the fire extinguisher and has to be activated during free practices, qualifying and races. All necessary information must be well displayed and affixed on the fire extinguisher:

The fire extinguisher must be positioned as originally designed by the factory. The external switch shall be clearly marked with a red "E" in a white, red hemmed circle.

Tow rings

The standard front and rear tow rings must be kept in perfect condition and clearly marked by an arrow.

Rollcages

It is compulsory to use the original Renault Clio Cup roll cage according to FFSA certificate number 433.

1.12 Fuel and single fuel

The only permitted fuel is commercial, unleaded fuel in compliance with Art. 252.9 of the Appendix J (ISC) which must comply with DIN EN 228. Any additive other than air or lubricant for two-stroke engines is prohibited.

The following single fuel must be used:

Before the beginning of any event, the fuel tank of each vehicle must be emptied. Fuel residues may remain while emptying the fuel tank with the inner fuel pump. In order not to contaminate the results in case of a fuel test, the tank must be completely empty. If emptying the tank with the external fuel pump, maximum security must be observed.

Fuel will be checked through a test of conformity with the fuel from the petrol station defined for each event, further information will be announced prior to the event by Event information. Generally the petrol station inside the paddock is to be used. Any variation of the fuel station will be communicated through a bulletin.

Only this fuel is approved for racing vehicles participating to any activities during a race event. The driver must ensure that at any point of the event a minimum quantity of 1 liter fuel from the tank is available to the organization for control purposes. Emptying or refueling the racing vehicle is forbidden from the grid formation during qualifying or race sessions until the end of the parc fermé period.

1.12.1 Fuel controls

At any time during the events the Technical scrutineer may extract fuel samples. The DMSB fuel regulations incl. remaining quantity of fuel (DMSB Yearbook, blue part).

1.12.2 Refuelling, Refuelling installations and control

Fueling and emptying the fuel tank during qualifying and racing is prohibited.

Refueling the competition vehicles between the pre start position and the departure from the vehicle storage area (parc fermé) is prohibited during qualifying and racing.

The fuel will be tested by using a conformity test with fuel from the specific filling station for the event specified in the rules.

1.13 Technical definitions

In addition to the definitions in compliance with the present Article and Article 3.3 (Part 1) of these Regulations, the “General regulations, definitions and clarifications to the Technical Regulations” (DMSB Yearbook, blue part) as well as the definitions according to Art. 251 of the Appendix J (ISC) are applicable.

2. Specific technical regulations

2.1 General

In addition to the Technical Regulations according Part 2 in these Regulations, the following specific technical regulations are applicable.

Anything which is not specifically allowed by the present regulations is prohibited. Permitted modifications must not result in any illegal modifications or infringements of the regulations.

2.2 Engine

The engines F4R 832, F4R 830 (each Clio R.S. III Cup) and the engine M5MA 400 (Clio R.S. IV Cup) are both allowed. Engines are sealed, exclusively seals from Renault Alpine or Oreca are allowed. Besides the seals of the 2017 season, the seals of 2018 are also allowed in the RCCCE season of 2018. Any work on engines is strictly forbidden.

The absence of a prescribed seal will lead to an exclusion from the classification. The official Renault tuner Oreca is the only authorized engine revision point. Spare engines are allowed only if delivered by Renault Sport. They also are sealed. Each registered driver can purchase, by filling an additional order form in, a new engine at the special price. The use of spare engines shall be notified in written form to the ISM, the certificate has to be shown.

Engine oil

according the Nomenclature

Only the special control units of the RCCCE are allowed. Any modification to the control unit is forbidden. Renault Sport reserves the right to exchange control units with each other.

2.2.1 Exhaust system

The original exhaust system including catalytic converter delivered shall be kept unchanged.

2.3 Transmission

Transmission and gearbox

Only the original RENAULT SPORT gears for the RCCCE may be used.
Only gears listed in the technical requirements for the RCCCE are allowed.

Reverse gear

All vehicles must have a reverse gear which can be engaged at any time during the event when the engine is running and the driver is seated in the vehicle.

Traction control

A system for automatic traction control is prohibited.

Transmission maintenance

The transmission may only be maintained in accordance with valid RCCCE standards.

2.4 Braking system

For the Clio R.S. III Cup the original braking system shall not be modified. Exclusively braking pad brand and type can be changed if maintaining original dimensions of the friction surface. The use of different braking pad brands on front and rear axle is allowed.

For the Clio R.S. IV Cup only the pads supplied by Renault Sport Racing (RSR) and marked accordingly are permitted.

The pasting of the holes in the frontbumper (aircooling brakes) is prohibited.

2.5 Steering

It is allowed to use a steering wheel extension with a FIA homologated adapter while retaining the original steering wheel.

2.6 Suspension

N/A

2.7 Wheels (Flange + rim) and tyres

Only tyres branded Michelin in the following sizes may be used:

- Michelin 20/61-17 S9M slick tyres
- Michelin 20/61-17 P2G rain tyres

At the first official Testday only tyres with the side inscription "HGS" and „Crew Knüttel Motorsport“ may be used. From the first RCCCE race event, starting with the Free Practice only tyres with the side inscription "Crew Knüttel Motorsport" from Deutsche Michelin Reifenwerke AG & Co. KgaA, or a service commissioner by it (Crew Knüttel Motorsport) may be used.

Any kind of tyre warming (electrical, chemical, mechanical) is forbidden. Use of tyre warmers or insulating covers or any other materials to modify or maintain tyre temperature is prohibited throughout the entire duration of the event.

It is also prohibited to clean the tread of used tyres by means of hot air blower. Both during practice and race, the four tyres must always be of the same type. The use of pressure release valves is strictly forbidden. Any violation will lead to the exclusion from the point system.

All modifications to tyres, including recutting, retreading or surface treatment (including chemical, mechanical and thermic) are prohibited.

Slick tyres for circuit races

Each driver and vehicle is provided with maximum 8 "Crew Knüttel Motorsport" slick tyres (of which max. 4 new) for each race event. The driver must bring the slick tyres at each event for tyre marking.

During qualifying and races the driver may use only the registered tyres. An amount of minimum four marked slick tyres of a previous CCCE race event in 2018 may be used per vehicle and starting number for the duration of the qualifying and the two races.

When changing tyres during official Practices, Qualifying and Races, pneumatic tools are forbidden.

Marking and checking tyres

Tyres for the respective vehicle must be inspected for technical acceptance before the event. The scrutineers / assistants mark the outside of the tyre or, at the request of the participant, the inside as well. Marking includes the start number and a special symbol for the respective event.

Only these tyres marked with start numbers may be used during the entire event.

Each participant is personally responsible for mounting tyres on the vehicle; these tyres are marked legibly on the outside for the event. These tyres must be designed to ensure safety during the entire event. In case that tyres are found to be unsafe, the driver can be banned from entering or re-entering the track.

Rain tyres

See Sporting Regulations Art. 12.1 Use of wet-weather tyres

Tyre pressure control valve

Use of tyre pressure control valves is prohibited.

Valve caps

Use of valve caps is optional.

2.8 Bodywork and dimensions

a) External bodywork (including windows)

Bonnet pins

Exclusively the original factory bonnet pins as supplied with the vehicle will be accepted.

Front and rear bumper fixation

The front and rear bumper fixation is compulsory on the Renault Clio Cup cars.

Windshield/side window

Only a Renault Clio windshield made of laminated glass may be used as replacement. Additional devices, perforations, etc. which may inhibit steaming on the windshield or improve the ventilation of the passenger cell are not allowed. The original factory mounting method must be maintained. Cracked windscreens must be replaced when required. An antidazzle film can be fitted on the windscreen. No further antidazzle features are allowed on the vehicle. Protection film for front and rear side windows supplied by Renault must be used at all times. No other films or colored sheets than the original will be tolerated!

Windshield wipers

Windshield wipers must be positioned horizontally at each point during tests, practice and races if they are not to fulfill their purpose.

Rear view mirrors

The use of both original exterior rear view mirrors is compulsory. Folding the mirrors during practice and races is not permitted.

Engine cooling system protection

It is permitted to fit a grid behind the lower and upper cool air intake to protect the engine radiator.

The pasting of the holes in the frontbumper (aircooling radiator) is prohibited.

b) Cockpit

Seat mounting and frame

It is compulsory to use the original seat and mounting frame as supplied with the vehicle from factory.

c) Additional accessories

Camera

It is permitted to carry a maximum of two cameras within the vehicle. These cameras are attached to the cage with screwed holders and must be shown unrequestedly to the scrutineers at each event as well as be approved by them.

Outside the vehicle are no cameras allowed.

2.9 Aerodynamic devices

N/A

2.10 Electrical equipment

The transponder must be secured on the right front wheel arch behind the front axis.

2.11 Fuel circuit

See Nomenclature

2.12 Lubrication system

See Nomenclature

2.13 Data transmission

Only the GPS System approved by Renault Sport (AIM SmartyCam GP HD rev 2.1 with 84° Lense) is permitted.

Systems for voice radio links between driver and pit or vice versa are permitted. The operator is responsible for the system.

Only the special data transmission system for RCCCE is allowed. Any modification to the transmission system is forbidden.

2.14 Other

Vehicle external lay-out/appearance

The decals on the vehicle including logos must be permanently available in original condition. The complete lightning set may not be varnished or masked by stickers and it must be functioning properly at all times. Only the addition of a shatter protection film is allowed. The vehicle has to be clean during the whole RCCCE-event.

Additional holograms

In addition to the holograms described in the Nomenclature (p. 103-104), the holograms shown in the following photo are valid.

Race service

At each RCCCE event the driver have at their disposal:

- Renault Sport Deutschland with original spare parts. Available spare parts may be purchased by any entrant and paid cash or with credit card.
- Tyre service.

For the sake of fairness, Renault Sport Technicians should not perform any kind of work on the entrants' vehicle, except for disassembly works for technical scrutineering and providing assistance as advisors.

Part 3 Attachments/Drawings

1. Nomenclature
2. Manual
3. Sparepartsbook

These documents are available on www.renault-sport.de

Attachment 4: Official Identification Plan

CLIO CUP
CENTRAL EUROPE

OFFICIAL IDENTIFICATION 2018

1. These instructions are a part of the Regulations for the Clio Cup Central Europe 2018 (Part 2, §1.10)
2. Base colors of the cars are free. (Please observe ISG)
3. Unmarked areas are free of use for marketing and sponsoring purposes. Please observe Technical Regulations 1.10.
4. Left and right hand side of the rear window in yellow:
 - 4.1. Drivers name (65mm) and Starting number (200mm)
 - 4.2. In case of a Rookie or a Gentleman the letter (120mm) "R" (in red) or "G" (in blue) needs to be fitted behind the starting number
5. Right hand side of the windscreen in yellow:
 - 5.1. Starting number (120mm)
 - 5.2. In case of a Rookie or a Gentleman the letter (120mm) "R" (in red) or "G" (in blue) needs to be fitted behind the starting number
6. Drivers nationality flag must be stuck on the left and right hand side of the rear wing
7. Only starting numbers issued from RENAULT DEUTSCHLAND AG are certified

Important:
Only clean vehicles with completely fitted series sponsors kits will be scrutineered.
Stickers supplied from RENAULT DEUTSCHLAND AG may not be changed in any way.
